* The forest areas returned in the Agricultural Statistics do not agree in most cases with those stated in the reports on the administration of the Forest Department for various reasons, the chief amongst which are the following :—(1) the administration reports relate exclusively to forests worked by the Forest Department, while the tables of agricultural statistics include, in addition, forest areas administered by district officers, and (2) certain village and other lands not covered by forest but worked by the Forest Department and returned as forest lands by that department are not treated as forests in the returns of Agricultural Statistics.

*Statistics of the incidence of land revenue assessments dealt with in this table show only the average amount contributed by each acre of land or per head of population in each province or district towards land revenue. They cannot be used for comparing the burden of land revenue on land in the different districts and provinces as no valid comparison is possible without taking into account such factors as the nature of the soil, climate, facilities for irrigation, etc.

(1) Figures relate to Indian Union, but exclude transactions with Pakistan. According to a tentative estimate, India's deficit with Pakistan is in the neighbourhood of Rs. 30 crores in the second half of 1948 and Rs. 5 crores in the first half of 1949.

(2) Exports f.o.b. and imports c.i.f. Excludes transactions under government barter deals. The figures are chiefly based on the records of the Exchange Control Department and not on the Customs returns ; there is some difference between the two sets of figures partly due to difference of timing in recording transactions and partly to difference in valuation.

(3) Receipts cover disbursements of foreign ships in Indian ports, etc., and payments, operating expenses abroad of Indian steamship companies and some freight payments.

(4) Excludes marine insurance.

(5) Receipts include interest on the investments of the Reserve Bank of India. Payments figures are provisional estimates.

(6) On receipts side, figures for the first half of 1949 include Rs. 4 crores received from SCA in Japan, in part settlement of amounts due to India under 1947 barter agreement. Payments figures represent the government disbursements such as those for the upkeep of its organisations abroad and contributions to international organisations. Figures for the second half of 1948 and the first half of 1949 also include " extraordinary " payments to the United Kingdom of Rs. 60 crores and Rs. 11·9 crores respectively for the purchase of defence stores under the Financial Agreement of July 1948. These payments were made through India's blocked sterling balances in the No. 2 Account and not with the " current " sterling in the No. 1 Account at the Bank of England.

(7) Covers receipts and payments for services such as those for education, film rentals, agency services and maintenance of estates.

(8) Comprises unilateral transfers like maintenance allowances and receipts of missionaries. Receipts figures are provisional estimates.

Source.—Sea-borne Trade returns of India.

NOTE.—(1) Imports are classified as received from the countries whence they were consigned to India. Exports are credited to the country of final destination whether that country possesses a Sea-board or not.

These statistics exclude the direct foreign sea-borne trade of the Pakistan provinces of Sind and East Bengal with effect from the 1st and 15th August, 1947 respectively. They do not however include the sea-borne trade of India with Pakistan upto February, 1948.

From 1st April, 1948, the distinction between private merchandise and Government Stores has been abolished and consequently—the statistics for 1948-49—relate to combined figures of trade under both these categories.

From 1st June, 1948 these statistics include the sea-borne trade of Kutch.

LAND FRONTIER TRADE.

No. 302.—Rail-Borne Trade at Stations adjacent to Land Frontier Routes of India.

Note.—For purposes of compilation the registration stations have been divided into three groups.

Group (*a*) comprises the rail route which bifurcates into the Nushki-Duzdap extension and the trade towards Kandahar. This group will include trade with Iran and Western and Southern Afghanistan.

Group (*b*) comprises the trade through the North-West Frontire Province and the Punjab with Northern and Eastern Afghanistan, with Kashmir, and through them with Central Asia and Turkistan.

Group (*c*) comprises the trade through the United Provinces, Bihar, Bengal and Assam, with Tibet, Nepal, Sikkim and Bhutan.

(All quantities in maunds, except treasure.)

NOTE.—(1) Besides indegenous salt as shown above there were imports of 120 lakh mds. of salt (*including* 20 lakh mds. of rock salt from Pakistan) from foreign countries such as Aden, Port Said, Egypt, Pakistan, etc., into India. This salt went into consumption direct from the trade. As there was no duty on this salt from 1-4-47 and control over issue and stock were not effected after the abolition of duty no accounts of stock and issue are available.

(2) Since accounts of salt produced in all provinces and states in India have been shown in the above statements imports from Indian sources into Calcutta and Bombay, etc., have not been shown as this will lead to duplication of accounts of the same salt.

Provided that in the case of an Indian company—

(i) where the total, income, as reduced by seven annas in the rupee and by the amount, if any, exempt from income-tax, exceeds the amount of any dividends (including dividends payable at a fixed rate declared in respect of the whole or part of the previous year for the assessment for the year ending) XI of 1922 on the 31st day of March, 1950, and no order has been made under sub-section (*1*) of Section 23A of the Income-tax Act, a rebate shall be allowed at the rate of one anna per rupee on the amount of such excess ;

(ii) where the amount of dividends referred to in clause (i) above exceeds the total income as reduced by seven annas in the rupee and by the amount, if any, exempt from income-tax, there shall be charged on the total income an additional income-tax equal to the sum, if any, by which the aggregate amount of income-tax actually borne by such excess (hereinafter referred to as " the excess dividend ") falls short of the amount calculated at the rate of five annas per rupee on the excess dividend.

For the purposes of the above proviso, the expression " dividend " shall have the meaning assigned to it in clause (*6A*) of section 2 of the Income-tax Act, but any distribution included in that expression, made during the year ending on the 31st day of March, 1950, shall be deemed to be a dividend declared in respect of the whole or part of the previous year.

For the purposes of clause (ii) of the above proviso, the aggregate amount of income-tax actually borne by the excess dividend shall be determined as follows :—

(i) the excess dividend shall be deemed to be out of the whole or such portion of the undistributed profits of one or more years immediately preceding the previous year as would be just sufficient to cover the amount of the excess dividend and as have not likewise been taken into account to cover an excess dividend of a preceding year ;

(ii) such portion of the excess dividend as is deemed to be out of the undistributed profits of each of the said years shall be deemed to have borne tax,—

(*a*) if an order has been made under sub-section (*1*) of Section 23A of the Income-tax Act, in respect XI of 1922 of the undistributed profits of that year, at the rate of five annas in the rupee, and

(*b*) in respect of any other year, at the rate applicable to the total income of the company, for that year reduced by the rate at which rebate, if any, was allowed on the undistributed profits.

C. In the case of every local authority and in every case in which, under the provisions of the Income tax Act, income-tax is to be charged at the maximum rate—

	Rate.
On the whole of total income	Five annas in the rupee.

APPENDIX.

Provided that—

(i) a rebate at the rate of three annas per rupee of the total income shall be allowed in the case of any company which—

(*a*) in respect of its profits liable to tax under the Income-tax Act for the year ending on the 31st day of March, 1950, has made the prescribed arrangements for the declaration and payment in the Provinces of the dividend payable out of such profits and for the deduction of super-tax from dividends in accordance with the provisions of sub-sections (*3D*) or (*3E*) of section 18 of that Act, and XI of 1922

APPENDIX.

C.—Rastes of Income-tax and Super-tax as on 1st April, 1949—*concld.*

(*b*) is a public company with total income not exceeding Rs. 25,000 ;

(ii) a rebate at the rate of two annas per rupee of the total income shall be allowed in the case of any company which satisfies condition (*a*) but not condition (*b*) of the preceding clause ; and

(iii) a rebate at the rate of one anna per rupee of the total income shall be allowed in the case of any company which, not being entitled to a rebate under either of the preceding clauses, is—

(*a*) a public company whose shares were offered for sale in a recognised stock exchange at any time during the previous year, or

(*b*) a company all of whose shares were held at the end of the previous year by one or more such public companies as aforesaid :

Provided further that the super-tax payable by a company the total income of which exceeds Rs. 25,000 shall not exceed the aggregate of—

(*a*) the super-tax which would have been payable by the company if its total income had been Rs. 25,000, and

(*b*) half the amount by which its total income exceeds Rs. 25,000.

Explanation.—For the purposes of this paragraph of this Part, a company shall be deemed to be a public company only if it is neither a private company within the meaning of the Indian Companies Act, 1913, nor a company in which shares carrying more than fifty per cent. of the total voting power were, at any time during the previous year, held or controlled by less than six persons.
